NEWS – mobile application CAR SHARING OD EUROWAG

Would you like to **cut costs** through an optimal usage of all available vehicles, plus be sure that all your people will be wherever they are supposed to be in time?

When there is a **low frequency** of using any car by employees, **Car Sharing** is an ideal solution. Thus, the company does not have to own vehicles that would otherwise be very little used and can decrease their necessary costs (vehicle services, motorway stamps and so)

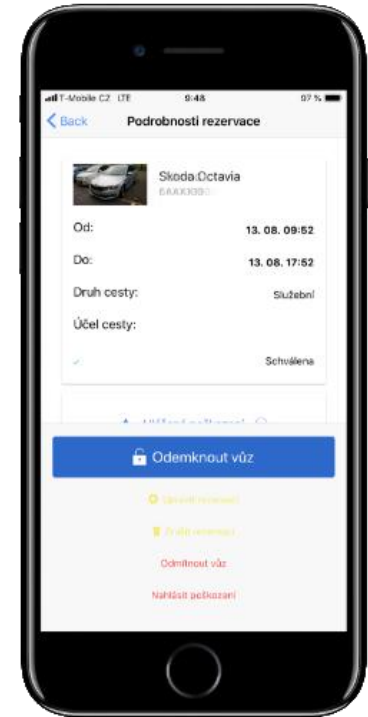

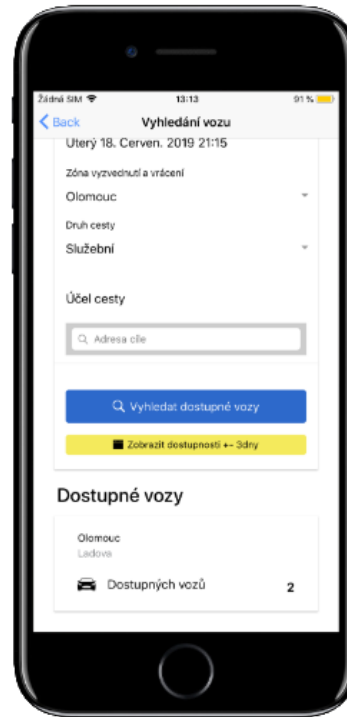

EUROWAG's CAR SHARING is designed primarily for business „pool“ vehicles.
